

‘CHILDREN UNDER UMBRELLA’

References : Alberto Shayo, Chiparus Master of Art Deco, Latest Edition, Abbeville Press Publishers, 1999, pg 94.

Chiparus produced a similar model, with just one girl holding an umbrella. He designed a number of sculptures that include children, all extremely engaging and much sought-after in the marketplace.

Price, as always, depends on condition, and the condition of the model on offer is very good.
