

'FERN' VASE

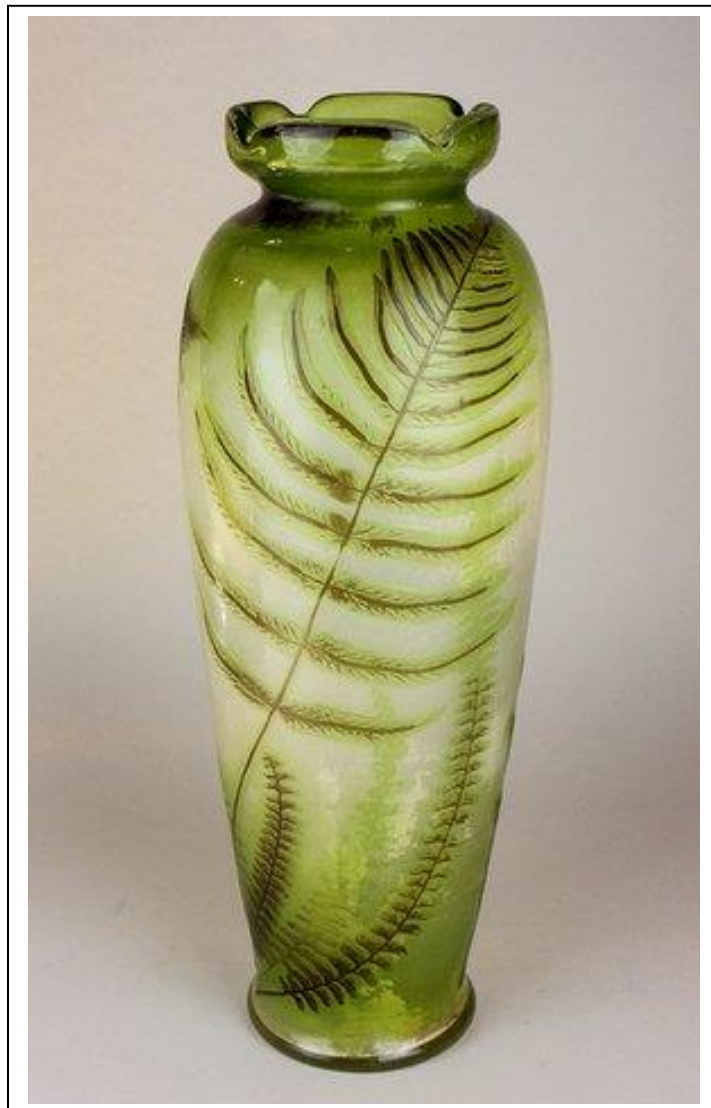

By Emile Galle
Circa 1900

A fire polished Galle vase, double overlaid acid-etched and carved *Fern* vase, in shades of green, the ground colour white and green.

Height : 41 cms

Signatures : Cameo 'Galle' on side of vessel.

Reference : Victor Arwas, 'Glass Art Nouveau to Art Deco',
Academy Editions, 1987, pgs. 106-153.

This is truly a piece of 'art glass', as it must have required many procedures to get it to a completed form.
